

FLOORS CASTLE

Christmas Food to Go

Designed by the Duke & Duchess's personal Chef, our exclusive Christmas Food to Go Menu offers the finest selection of seasonal dishes, which are homemade in the Castle kitchen and cannot be found elsewhere.

Our chefs use as much of the high-quality produce from the estate as possible, including game, when in season, and ingredients harvested from the garden. All our eggs are free range. We have longstanding relationships with local businesses who supply our team with the very best in local Scottish produce, ensuring the quality of our food is of the highest standard.

We aim to offer our customers a food menu of unrivalled quality, creating a festive spread that will both inspire and delight your guests this Christmas.
