*A Dedicated short session for young people living with additional support needs.*

### What to expect?

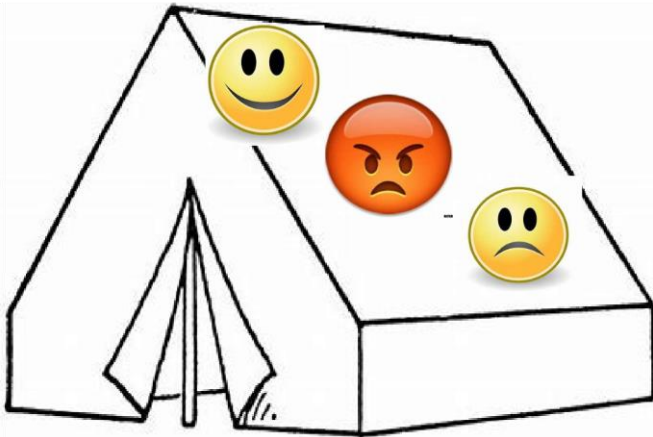

**The baby dinosaurs are feeling very excited and happy to meet you. Please walk through these gates and walk down the path to meet them.**

**The baby dinosaurs will not be terribly loud so there is no need to be scared. They are very friendly and want to be your friend.**

**Your parent/carer will be with you to keep you safe and help you to enjoy your time with them. You are welcome to touch and speak to the baby dinosaurs. This is a 45-minute session for you to have fun.**

**Please visit the play park and enjoy some fun.  
If you need some quiet time, there will be a big tent near the park for  
you to visit.**

**Our fun with the baby dinosaurs has finished.  
We hope you had fun - enjoy the rest of the day.  
You can now leave through the gates safely.**

*Toilets are located near the front entrance of the Gardens
